

CONNECTING KINGSTON: A WAYFINDING SIGNAGE MASTER PLAN

PUBLIC MEETING

Example: Missoula, MT Pedestrian Directional

Example: Asheville, NC Vehicular Directional

You're Invited:

Kingston is embarking on the development of a new wayfinding system that will update and replace existing directional signs. Ulster County Executive Michael P. Hein, Chairman of the Ulster County Transportation Council (UCTC), in cooperation with City of Kingston Mayor Steven T. Noble invites you to a public meeting on how to use wayfinding signage to make our city more accessible and easier to navigate by car, walking, and bicycling.

Local residents and business owners are encouraged to attend.

What is Wayfinding?

- Navigation Tools for Driving, Walking and Biking
- Signage to Increase Accessibility
- A Resource to Discover Attractions & Community Assets

UCTC has hired MERJE, a nationally recognized design firm with specific expertise in Community Wayfinding to lead the effort. MERJE has planned and designed over 80 wayfinding systems both nationally and internationally.
