

ULSTER COUNTY TRANSPORTATION COUNCIL
Policy Committee Meeting

Meeting Transcript
November 26, 2024

Meeting held in-person and via zoom at 10:00 am

1

00:00:06.100 --> 00:00:06.970

Transportation Council, Ulster County: No.

2

00:00:12.710 --> 00:00:15.468

Transportation Council, Ulster County: we have set up a

3

00:00:16.640 --> 00:00:21.930

Transportation Council, Ulster County: a tip page for the project, and so you can now go there. You can find the letter.

4

00:00:21.950 --> 00:00:29.160

Transportation Council, Ulster County: The guidance from the New York state, as well as our planning targets, which are fiscal targets, have been posted as well.

5

00:00:29.786 --> 00:00:34.160

Transportation Council, Ulster County: So you'll note that there are significant

6

00:00:34.180 --> 00:00:38.320

Transportation Council, Ulster County: sources of funding that we previously have not had

7

00:00:38.944 --> 00:00:46.969

Transportation Council, Ulster County: access to including the Hsip highway safety improvement program, new sources of carbon reduction funding

8

00:00:47.430 --> 00:00:59.300

Transportation Council, Ulster County: carbon reduction program funding as well as significant off System Bridge and Stbg flex funding sources so that

9

00:00:59.400 --> 00:01:19.470

Transportation Council, Ulster County: there will very likely be an opportunity for the Transportation Council to issue a call for new projects to the tip. But we can't do that until we determine what the needs of the existing projects are, and that's the general process for the tip update. So more to come there in the month of December. Thanks, Rob.

10

00:01:20.879 --> 00:01:32.150

Transportation Council, Ulster County: and then the next announcement the Mid Hudson Valley Transportation Management area, which is Orange Dutchess and Ulster Transportation Councils did issue a

11

00:01:32.710 --> 00:01:57.526

Transportation Council, Ulster County: open call for transit funding to all designated recipients for Fta funds in the Tma planning area. So those in Ulster County that would just include Ulster County area transit. We have 13 million dollars in unallocated 5,307 transit funds which can be used for capital or operating purposes. The emphasis will be on capital

12

00:01:58.030 --> 00:02:14.080

Transportation Council, Ulster County: acquisitions. So this will be a competitive call for pro projects issued to all designated recipients in the Tma area. And we're encouraging Ulster County area transit to submit an application

13

00:02:14.200 --> 00:02:16.040

Transportation Council, Ulster County: for transit.

14

00:02:16.100 --> 00:02:18.179

Transportation Council, Ulster County: Rolling stock purchases.

15

00:02:19.966 --> 00:02:21.140

Transportation Council, Ulster County: Let's see.

16

00:02:22.480 --> 00:02:24.959

Transportation Council, Ulster County: Can you go, page down, Rob?

17

00:02:25.790 --> 00:02:42.709

Transportation Council, Ulster County: Don't have control now. Oh, there we go more announcements the if you're not aware the Ucat Route optimization plan is very much underway. We're at a major transition phase where we hosted a public meeting last week we had a over 60 participants.

18

00:02:42.940 --> 00:02:47.390

Transportation Council, Ulster County: and we are now presenting draft route scenarios

19

00:02:47.490 --> 00:02:55.089

Transportation Council, Ulster County: to the public for riders to comment on, so folks can go through the participate Ulster page.

20

00:02:55.150 --> 00:03:02.810

Transportation Council, Ulster County: and you'll find the survey is through through a online format called Matchair.

21

00:03:03.120 --> 00:03:22.639

Transportation Council, Ulster County: and participants can view the new routes and provide comments on them by clicking on the map, dropping pins and submitting comments if the route is conducive to their schedules or not. So we look forward to receiving more feedback, and the process for that is.

22

00:03:23.150 --> 00:03:50.460

Transportation Council, Ulster County: once we receive this round of comments, we'll continue to make further revisions to proposed route changes and then develop a final recommended plan for Ucat. But it's important for everyone to understand that there will not be changes to the routes until Ulster County area transit is able and willing to accept them. So there'll be many opportunities for public notification before any changes to Ucat routes are made.

23

00:03:52.506 --> 00:04:04.280

Transportation Council, Ulster County: 2 other announcements quickly as the Supervisor and announced the safe streets for all final round was announced. Uctc. Did submit an application

24

00:04:04.350 --> 00:04:25.129

Transportation Council, Ulster County: for planning funds to conduct a road safety plan, a countywide plan. I was hoping that we would be able to sweep up the town of Lloyd into that process if we were awarded. Unfortunately, that application was unsuccessful. That was a bit of a surprise to us. David put a significant amount of time into that, so we have requested a debrief.

25

00:04:25.180 --> 00:04:29.600

Transportation Council, Ulster County: and we'll find out why that application was not successful.

26

00:04:29.680 --> 00:04:42.430

Transportation Council, Ulster County: and hopefully find a way forward. We have the option of doing our own study, using our own funding sources. But this was a better match ratio.

27

00:04:42.440 --> 00:05:02.839

Transportation Council, Ulster County: And then, finally, the Protect program, which is the new Fhwa Resiliency program, has a another round of planning and capital grants was announced, and Uctc. Will be resubmitting a proposal to conduct a transportation resiliency plan countywide, and the deadline for that is February.

28

00:05:04.470 --> 00:05:09.089

Transportation Council, Ulster County: Those are all my announcements. Sorry, just one. If I could add one more.

29

00:05:09.840 --> 00:05:34.319

Transportation Council, Ulster County: the Transportation Council currently has a vacancy in its staff. It's a senior transportation position. We've talked about this in the past. If anyone knows anybody that's interested, please ask them to send Brian or myself a resume and a cover letter, and we'll be happy to consider them for the position which leads me to my next announcement was because of that vacancy, and because of the workload

30

00:05:35.315 --> 00:06:04.419

Transportation Council, Ulster County: we were originally gonna update the Trans long range transportation plan which needs to be updated by September with existing staff using existing staff. We've decided not to proceed in that direction because of time constraints and staff constraints, and have awarded a contract to a company named Transpo to help us with that transition into A into a full update of the transportation plan.

31

00:06:04.420 --> 00:06:08.700

Transportation Council, Ulster County: That contract will be before the county Legislature in December.

32

00:06:09.041 --> 00:06:18.350

Transportation Council, Ulster County: So absent that we we need that contract approved in order for us to meet our our Federal requirements. With respect to an update by this, by September

33

00:06:18.991 --> 00:06:26.850

Transportation Council, Ulster County: anything I'm leaving out on that front. No, but we will address that issue in terms of a revision to the Upwp later on the agenda. Yeah, thank you

34

00:06:28.174 --> 00:06:34.620

Transportation Council, Ulster County: and just wanted to update you town of Plattell

35

00:06:34.640 --> 00:06:39.930

Transportation Council, Ulster County: on Bridge, New York from a year ago old Mill Road was successful. It's on a tip

36

00:06:40.683 --> 00:06:44.710

Transportation Council, Ulster County: but they did receive another red flag recently.

37

00:06:44.810 --> 00:06:49.549

Transportation Council, Ulster County: and the bridge will be closed as of December 9.th

38

00:06:50.690 --> 00:06:53.400

Transportation Council, Ulster County: Where what road is that old Mill road?

39

00:06:53.610 --> 00:06:55.620

Transportation Council, Ulster County: It's in the southern part of the county.

40

00:06:55.870 --> 00:07:02.330

Transportation Council, Ulster County: It's it's literally the county line. Yeah, I know where it is, but it'll be closed

41

00:07:05.210 --> 00:07:10.949

Transportation Council, Ulster County: that, I think, as I recall was a detour route for Route 9 W. As I recall

42

00:07:11.200 --> 00:07:12.779

Transportation Council, Ulster County: now, it's off at 32

43

00:07:13.685 --> 00:07:19.040

Transportation Council, Ulster County: different old Mill Road. Thinking here, okay, good.

44

00:07:20.230 --> 00:07:26.480

Transportation Council, Ulster County: Anything else any other announcements from folks online.

45

00:07:28.020 --> 00:07:54.119

Transportation Council, Ulster County: Okay, hearing. Now, we'll move to item 5 on the agenda. New business. Item, a Uctc. Resolution 2024 to 11 amendment to the Utcc utctc. Excuse me, Federal fiscal year 2023, 2027. Transportation improvement program to add a New York State Department transportation PIN, Alc. 211, as shown in attachment one. I have a motion for approval. Please

46

00:07:55.610 --> 00:08:01.180

Transportation Council, Ulster County: thank you, Mr. Pine. Do I have a second sorry.

47

00:08:01.950 --> 00:08:07.050

Transportation Council, Ulster County: Mr. Supervisor Pavlacek. Second, I have a motion. A second discussion. Brian.

48

00:08:08.990 --> 00:08:17.330

Transportation Council, Ulster County: This is a project proposed by New York State dot the description shown on the tip

49

00:08:17.770 --> 00:08:41.999

Transportation Council, Ulster County: draft, tip strip is culvert replacements, orange and ulster. Replace the culverts that carry New York 52 New York, 17 K. And New York 213 over unknown streams, and Us. Route 44 over the 12 Skill Creek and various municipalities. Sandra, do you have anything to add regarding this project? No, I mean, you have it pretty well outlined

50

00:08:42.010 --> 00:08:43.460

Transportation Council, Ulster County: in the description.

51

00:08:43.490 --> 00:08:54.390

Transportation Council, Ulster County: Thank you. Projects that are to be added to the Uctc. Tip required technical committee approval. 15 day, public notice and final policy committee approval.

52

00:08:54.440 --> 00:09:00.370

Transportation Council, Ulster County: We did issue public notice for this tip amendment, and we did not receive any public comment.

53

00:09:01.350 --> 00:09:03.310

Transportation Council, Ulster County: any questions or concerns.

54

00:09:08.550 --> 00:09:14.290

Transportation Council, Ulster County: hearing none, any opposed any abstentions.

55

00:09:17.300 --> 00:09:19.110

Transportation Council, Ulster County: Go cool. Thank you very much.

56

00:09:19.210 --> 00:09:20.429

Transportation Council, Ulster County: Item B.

57

00:09:20.520 --> 00:09:32.519

Transportation Council, Ulster County: Uctc. Resolution 2024, 12, amendment to the Uctc. Federal fiscal year 2023, 2027 transportation improvement program to add a new Ulster County area transit

58

00:09:32.740 --> 00:09:37.680

Transportation Council, Ulster County: transit projects as shown in attachment one, I have a motion for approval. Please.

59

00:09:38.970 --> 00:09:39.820

Marybeth Majestic: Almost.

60

00:09:40.880 --> 00:09:42.970

Transportation Council, Ulster County: And it was Leanne. If I'm correct, right.

61

00:09:42.970 --> 00:09:44.319

Marybeth Majestic: No, it was Mary Beth.

62

00:09:44.320 --> 00:09:46.250

Transportation Council, Ulster County: I'm sorry, Mary Beth. I apologize.

63

00:09:46.250 --> 00:09:46.810

Transportation Council, Ulster County: No! Worries.

64

00:09:46.810 --> 00:09:49.580

Transportation Council, Ulster County: Supervisor. Majestic. Do I have a second.

65

00:09:49.760 --> 00:09:51.140

jamese.quigley3rd: Wiggly, second.

66

00:09:51.730 --> 00:09:55.299

Transportation Council, Ulster County: Thank you, Mr. Quigley. Supervisor Quigley, have a motion and a second Brian.

67

00:09:55.430 --> 00:09:56.500

Transportation Council, Ulster County: Thank you.

68

00:09:56.680 --> 00:09:59.030

Transportation Council, Ulster County: These are

69

00:09:59.200 --> 00:10:11.430

Transportation Council, Ulster County: constitute regular fleet replacements for the Ulster county area transit system. The grants were submitted earlier this year to the Federal transit administration using

70

00:10:12.040 --> 00:10:19.190

Transportation Council, Ulster County: funds due to expire. They are Fta 53, 39 funds which can be used for capital

71

00:10:20.018 --> 00:10:27.720

Transportation Council, Ulster County: expenditures. The 1st and to be added to the tip is a TU. 0 2 0

72

00:10:27.820 --> 00:10:33.009

Transportation Council, Ulster County: funds to be applied for the procurement and purchase of one battery. Electric bus.

73

00:10:34.996 --> 00:10:38.859

Transportation Council, Ulster County: that for a vehicle that has exceeded its useful life.

74

00:10:39.070 --> 00:11:00.120

Transportation Council, Ulster County: and then the second PIN is for Federal funds, for the purpose of 1 35 foot battery, electric bus, and 3 30 foot buses, as well as one support vehicle for the Ulster County area transit system. Again, these are lapsing funds. So it was important that Ulster County area transit submit these

75

00:11:00.120 --> 00:11:15.340

Transportation Council, Ulster County: for expenditure during the fiscal. And again, additions to the Uctc. Tip require technical committee review and approval until 2 day public notice before Policy committee consideration.

76

00:11:15.530 --> 00:11:20.759

Transportation Council, Ulster County: This was issued with the other tip amendment. We did not receive any public comment.

77

00:11:22.820 --> 00:11:24.089

Transportation Council, Ulster County: Thank you, Brian.

78

00:11:24.130 --> 00:11:25.950

Transportation Council, Ulster County: Any comments or questions.

79

00:11:28.650 --> 00:11:40.030

Transportation Council, Ulster County: Was anybody on from you, you cat at all? No, okay, hearing none any opposed

80

00:11:43.350 --> 00:11:44.930

Transportation Council, Ulster County: any abstentions.

81

00:11:48.160 --> 00:11:50.120

Transportation Council, Ulster County: So, Carrie, thank you very much.

82

00:11:50.320 --> 00:12:04.720

Transportation Council, Ulster County: Item C. Uctc. Resolution number 2024 to 13, amendment to the Uctc. State fiscal year 2024, 2025 unified planning work program to add cost to up

83

00:12:04.860 --> 00:12:16.619

Transportation Council, Ulster County: Wp project number 4 4.2 3.0 1 dash 0 1 development of a long range transportation plan. We had some brief discussions on this

84

00:12:17.590 --> 00:12:22.000

Transportation Council, Ulster County: just just a little while ago. So I entertain a motion to approve.

85

00:12:22.720 --> 00:12:26.860

Transportation Council, Ulster County: So moved Supervisor Pavlocek. Do I have a second.

86

00:12:27.060 --> 00:12:28.409

jamese.quigley3rd: Quiggly, second.

87

00:12:28.910 --> 00:12:32.510

Transportation Council, Ulster County: Thank you, supervisor. I have a motion, a second, any discussion.

88

00:12:35.770 --> 00:12:37.900

Transportation Council, Ulster County: This is an internal offset.

89

00:12:37.990 --> 00:12:58.529

Transportation Council, Ulster County: utilizing existing funds already on the unified planning work program repurposed to this project again, that was so that the contract could be executed in a timely fashion. These funds will be returned to the original projects from which they were drawn from when we develop next year's unified planning work program.

90

00:13:00.560 --> 00:13:01.590

Transportation Council, Ulster County: Any questions.

91

00:13:01.590 --> 00:13:03.209

Amanda Gotto Town of New Paltz Ssupervisor: Yeah, I have a question

92

00:13:04.080 --> 00:13:09.730

Amanda Gotto Town of New Paltz Ssupervisor: on the complete streets planning the 70,000, as amended, goes to 25,000.

93

00:13:11.210 --> 00:13:23.070

Transportation Council, Ulster County: That's correct, Amanda. We're going to. We'll put money back into that program when we update. No, if I may go ahead. This is a slightly. This is attachment to I'm sorry

94

00:13:23.210 --> 00:13:25.920

Transportation Council, Ulster County: resolution. Thank you, Supervisor.

95

00:13:25.930 --> 00:13:33.880

Transportation Council, Ulster County: So in attachment 2 of the resolution, it's a revision to the narrative of the unified planning work program

96

00:13:33.970 --> 00:13:45.480

Transportation Council, Ulster County: under the project task community transportation, planning assistance. We have added additional description to include to address what is a new

97

00:13:45.480 --> 00:14:07.940

Transportation Council, Ulster County: Federal highway administration set aside. It's a mandatory set aside of funds that need to be dedicated to complete streets planning purposes. It's 2.5% of our annual allocation needs to be dedicated to that purpose. So that amounts to \$25,955.

98

00:14:08.697 --> 00:14:35.659

Transportation Council, Ulster County: So this amendment allows us to specify that the money has been set aside. And now, Staff, whenever we're doing complete streets, planning assistance for municipalities, can bill our time directly to this task code so that we can meet that 2.5% requirement. So it's a relatively minor revision and does not affect our pl funds.

99

00:14:36.061 --> 00:14:42.080

Transportation Council, Ulster County: This has been an issue of quite a bit of discussion among the Mpos statewide.

100

00:14:42.930 --> 00:14:48.623

Transportation Council, Ulster County: It requires quite a bit of administrative capacity for a relatively small amount of

101

00:14:49.310 --> 00:14:54.579

Transportation Council, Ulster County: documentation or or a small amount of of dollars

102

00:14:54.770 --> 00:15:15.309

Transportation Council, Ulster County: spent in this instance. We're doing quite a bit of coordination with the planning bureau@newyorkstate.to make sure that all the accounting is addressed. And so that's essentially what this does is. It facilitates the accounting of the drawdown of those funds?

103

00:15:15.820 --> 00:15:29.870

Transportation Council, Ulster County: Thank you, Brian Amanda. If I can just just a little bit shorter explanation, it's a technical amendment that doesn't change the amount of work that the Transportation Council will be doing relative to complete streets. It just gives it a specific code

104

00:15:30.330 --> 00:15:35.300

Transportation Council, Ulster County: bill. 2. That essentially wasn't there before to meet the Federal requirements. Any questions.

105

00:15:37.480 --> 00:15:38.810

Transportation Council, Ulster County: Does that help? Amanda?

106

00:15:38.810 --> 00:15:41.976

Amanda Gotto Town of New Paltz Ssupervisor: Yeah, it does. It looked like you guys were slashing it like Yikes.

107

00:15:42.220 --> 00:15:47.129

Transportation Council, Ulster County: No, not not the case. We're just providing a a specific code to build to.

108

00:15:47.130 --> 00:15:48.340

Amanda Gotto Town of New Paltz Ssupervisor: Okay. Great.

109

00:15:49.880 --> 00:15:50.459

Transportation Council, Ulster County: Thank you.

110

00:15:51.320 --> 00:15:52.850

Transportation Council, Ulster County: Any other questions.

111

00:15:56.950 --> 00:16:03.710

Transportation Council, Ulster County: hearing none, any opposed any abstention.

112

00:16:07.780 --> 00:16:09.830

Transportation Council, Ulster County: So, Carrie, thank you very much.

113

00:16:10.230 --> 00:16:14.190

Transportation Council, Ulster County: Other old business. Item 6 on the agenda. Other old business.

114

00:16:15.120 --> 00:16:32.329

Transportation Council, Ulster County: Want me to run through these, Dennis, please. So the the 1st item is the Uctc. Year 2050 long range transportation plan. Public engagement process has begun. Internally, we are engaged with Fhi studios to develop our public engagement process.

115

00:16:32.330 --> 00:16:51.659

Transportation Council, Ulster County: which will include a survey, a new web page and significant public outreach with face-to-face meet and greets and focus group meetings. So those that process is under development. We hope to be able to launch our website and announce schedules of meetings in early 2025.

116

00:16:52.085 --> 00:17:04.089

Transportation Council, Ulster County: That is, this contract is with a firm specifically for public engagement. We will be contracting with an additional firm due to. As Dennis mentioned, staff shortages, we'll be working with Transpo

117

00:17:04.160 --> 00:17:14.899

Transportation Council, Ulster County: to help with the technical preparation of the actual document. So I'm very appreciative of having transpo assist us with that. With that process

118

00:17:15.970 --> 00:17:19.849

Transportation Council, Ulster County: I already mentioned the safe streets for all planning Grant awards

119

00:17:20.286 --> 00:17:25.780

Transportation Council, Ulster County: under announcements, and the upwp call for planning projects as well as the tip update.

120

00:17:26.533 --> 00:17:34.879

Transportation Council, Ulster County: The project updates. The big update is the map share survey for the Ucat Route optimization plan.

121

00:17:34.970 --> 00:17:54.659

Transportation Council, Ulster County: please. I would strongly encourage our municipalities. Our members. If you have newsletters or email distribution lists, please forward that to your citizenry, we would really appreciate it if as many people as possible participate in that survey.

122

00:17:55.770 --> 00:18:19.249

Transportation Council, Ulster County: Other project updates not listed. The Ulster town of Ulster, 9 W. Corridor management plan. The mobility plan is nearly complete. We issued or released the draft plan for public comment during the month of October. We've received quite a bit of input and have made some minor revisions to that document

123

00:18:19.250 --> 00:18:40.689

Transportation Council, Ulster County: during that period of time. So we look forward to publishing the final plan within the next couple of weeks, and Supervisor Quigley. If our consultant, Mark Sargent, from Cme. Has not reached out to you, we would welcome the opportunity to present the findings of that plan to your town board at your convenience.

124

00:18:43.294 --> 00:18:50.900

Transportation Council, Ulster County: Those are all the project updates. The Ulster County Traffic Safety Board is scheduled to meet on December second. That's the 1st Monday after Thanksgiving.

125

00:18:52.790 --> 00:18:56.530

Transportation Council, Ulster County: any other business to come before the council.

126

00:19:02.200 --> 00:19:05.199

Transportation Council, Ulster County: hearing none, take a motion to adjourn.

127

00:19:05.470 --> 00:19:06.890

Amanda Gotto Town of New Paltz Ssupervisor: For Dennis.

128

00:19:07.380 --> 00:19:08.060

Transportation Council, Ulster County: Yes.

129

00:19:08.060 --> 00:19:12.609

Amanda Gotto Town of New Paltz Ssupervisor: Wasn't there a kind of special bus in Kingston not too long ago?

130

00:19:14.430 --> 00:19:18.619

Transportation Council, Ulster County: I'm sorry I didn't quite hear that. Is there a special bus in Kingston not too long ago?

131

00:19:19.050 --> 00:19:28.060

Transportation Council, Ulster County: Oh, we don't want to know. We don't want to talk about that. But thank you for thank you for recognizing that the fact that there was a special bus.

132

00:19:28.110 --> 00:19:29.010

Amanda Gotto Town of New Paltz Supervisor: Okay.

133

00:19:29.390 --> 00:19:40.329

Transportation Council, Ulster County: For a special man. Oh, that's right, thank you, supervisor. Thank you. Appreciate that.

134

00:19:41.510 --> 00:19:44.969

Transportation Council, Ulster County: So with that do I still have a motion to adjourn.

135

00:19:46.000 --> 00:19:53.810

Transportation Council, Ulster County: Thank you to Dr. David Supervisor, but I'm going to get the Supervisor and the David got mixed up. I apologize for that. Do I have a second.

136

00:19:55.950 --> 00:19:57.530

Marybeth Majestic: Second, Mary, Beth.

137

00:19:57.530 --> 00:20:05.420

Transportation Council, Ulster County: No one's opposed to adjourning. So we're adjourned, and everybody have a safe and and helpful thank you very much.

138

00:20:05.420 --> 00:20:06.940

Marybeth Majestic: Thank you. Thank you.

139

00:20:08.343 --> 00:20:13.760

Transportation Council, Ulster County: All these guys know about the bot

140

00:20:14.577 --> 00:20:18.639

Transportation Council, Ulster County: you guys know about the phone.

141

00:20:19.530 --> 00:20:27.960

Transportation Council, Ulster County: I saw an email thing or something. Well, now, now I've got. Thank you. Now I've got this because there's cameras.
